Subject: RE: Catalyst Energy

Hi Phil,

Yes the meeting is still on. I'm not sure if you have the latest draft or not. All of the draft permit materials can be found at <https://www.epa.gov/pa/underground-injection-control-uic-program-notice-draft-permit-catalyst-energy-inc-pas2d015bmck>. I reached out to the Seneca Nation last week to see what they wanted us to focus on and they have not gotten back to me yet this week. I do believe it will be a more informal meeting.

I don't think we need to have a meet about it beforehand. I will let the whole group know what they'd like us to focus on when I hear back.

Subject: Catalyst Energy

Kevin and Ryan,

I assume the meeting with the Seneca Nation is still on. Is the last draft permit the one I received near the end of March? Is there anything else I should look at beforehand? Should we talk beforehand?

Phil
